“The vibrancy of the growing student base here demands that Innovation Quarter be ready...with opportunities for further learning, accommodation and recreation.”

Eric Tomlinson, DSc, PhD
President, Wake Forest Innovation Quarter
Chief Innovation Officer, Wake Forest Baptist

LOCATION:
The building is in downtown Winston-Salem’s thriving Wake Forest Innovation Quarter, which includes a dynamic mix of spaces dedicated to residential, retail, biomedical research, education and start-up businesses.

HISTORIC SITE:
The building was used by R.J. Reynolds Tobacco Co. as part of its 60 series complex and is near Wake Forest Biotech Place and 525@vine, which houses some Wake Forest Baptist biomedical research programs and the Physician Assistant Program.

FIFTH FLOOR:
The Teaching Center features a tiered auditorium and several flexible classroom spaces.

OUR PARTNER:
The 168,000-square-foot building has been developed in partnership with Wake Forest Baptist’s Innovation Quarter partner, Wexford Science + Technology, LLC, a BioMed Realty Company.
