Hospital Medicine Dash Event

Wednesday, August 8th @ 7:00 PM

- Private, covered party deck area
- Ballpark fare and drink – hot dogs, chicken sandwiches, coleslaw, chips, baked beans, dessert, and non-alcoholic beverages
- FREE Dash caps
- In-game recognition – our group name will be on the scoreboard

Family (including kids) and one guest welcome!
Let Bri or Kristin know if you will attend and how many tickets you need via email or in person
The challenge this month will be to build up your colleagues with praise and therefore, our team as a whole. Recognize a colleague for something that you think really contributed something positive to the team. Grab one of the kudo cards, write the person’s name at the top, and a quick summary of what they did that you appreciate. Write your name on the back and place your kudo card in the box or the board. The box is there so you can be even more anonymous but I will be putting them all up on display on a beautiful board eventually (just like pictured below). Every time you write a kudo card with your name on the back, you are entering your name in the raffle to win the most coveted prize yet:

One month of badge access to the parking spots right outside Meads Hall!!!

Kudos

“a common exclamation for appreciation”
From the Greek word meaning “fame” and “honor”
The recognition of valued work has been proven in studies to encourage intrinsic motivation within an organization. So start inspiring each other!

“How wonderful it is that nobody need wait a single moment before starting to improve the world.”
-Anne Frank, The Diary of a Young Girl

“Kind words can be short and easy to speak, but their echoes are truly endless.”
-Mother Teresa

“If you want to lift yourself up, lift up someone else.”
-Booker T. Washington

“Would I rather be feared or loved? Easy. Both. I want people to be afraid of how much they love me.”
-Michael Scott, The Office
